BARBOURVILLE, KY., FRIDAY, MARCH 11, 1921

ONE DOLLAR AND FIFTY CENTS A YEAR IN ADVANCE

CAPT. JOHN H. LAWSON

MAKES SETTLEMENT

Captain John H. Lawson, who has been the administrator of the Lunsford estate, offered a final settlement which shows that he has paid \$42,004.84 over a period of about eight years. He has turned over \$10,000 in notes and mortgages, due the estate by other parties. The real estate has been in charge of Mrs. Rachel Catron, husband of the deceased.

All the payments were made without bond.

PRESBYTERIAN LADIES AID

Mesdames Burnside and Dishman were hostesses to the Ladies Aid of the Presbyterian Church on March the 4th with a good attendance and two visitors, Mrs. Will Dishman and Mrs. W. D. Clark. After an interesting study program the business was taken up and various matters were attended to. A tempting salad course was served after the business session was finished, and a pleasant social hour passed all too quickly in this hospitable home.

The next meeting is to be with Mrs. Condon on March 18th.

CIVIC LEAGUE

The Civic League held its regular meeting at the home of Mrs. W. T. Stewart on Pine Street March 3rd with a good attendance.

Another hundred dollars has been put on time deposits with a good checking account still on hand. Each one who pays her dues helps keep up this reserve fund. Several matters of business were discussed. Clean-up day will probably be the first week in April and some plans were discussed.

Four new members were received Mrs. Ed Garrard, Mrs. Charlie Jones, Mrs. W. T. Stewart and Mrs. Elbert Evans.

As the annual election of officers will take place at the first meeting in April, the nominating committee was appointed with Mrs. G. H. Albright for chairman her assistants being Mrs. G. M. Richards and Miss Gertrude Black.

Tempting refreshments were served by the hostess during a very enjoyable social hour.

For Your Benefit

Do you realize that the huge FEDERAL RESERVE SYSTEM with its resources of over Six Billion Dollars and nation wide connections was organized for YOUR benefit?

It was; and, of course, for the benefit also of millions of other Americans who need and now have the largest and strongest banking system in the world.

By transacting your business at this bank which is a member of the FEDERAL RESERVE SYSTEM you avail yourself of the benefits for which the System was organized.

HIGH SCHOOL BASKET-BALL TOURNAMENT

Union, Sue Bennett, Corbin and Barbourville H. S. were represented in the High School Tournament held at U. C. gym the 4th and 5th of March.

The opening game was between Union and Corbin High which resulted in an easy victory for U. C. This could hardly be called a game as Union just walked away with their opponents. Union's goal had little rest during the game. In the last half the entire first team was in merely for practice. When the final whistle blew the score stood 71 to 5 in favor of U. C.

The second game on the evening was between S. B. M. S. and Barbourville High. This was a closely contested game. It seemed as though Barbourville would come out on top but S. B. stuck it out to the last for a victory. B. H. S. fought a game tight but were unable to hold London under control. The final score was 25 to 12 with B. H. S. on the small end. B. R. H. '22

SATURDAY NIGHT'S GAME

Saturday night the winners of the preceding games were called to battle for the trip to Lexington and was game worth seeing.

Dunbar started the fireworks for Union when he disturbed the net for a field goal. Union not being satisfied followed this with two more field goals. S. B. M. S. made their first marker when Perry dropped a nice long one in from the middle of the floor. There was never any doubt as to the outcome. U. C. kept the lead throughout the game. The final score being 33 to 17 in favor of Union.

No stars could be picked for this game everyone playing his part well. Perry played a good game for S. B. M. S. getting several big shots. U. C. Eighth Grade defeated Manchester in a preliminary game full of thrills and excitement.

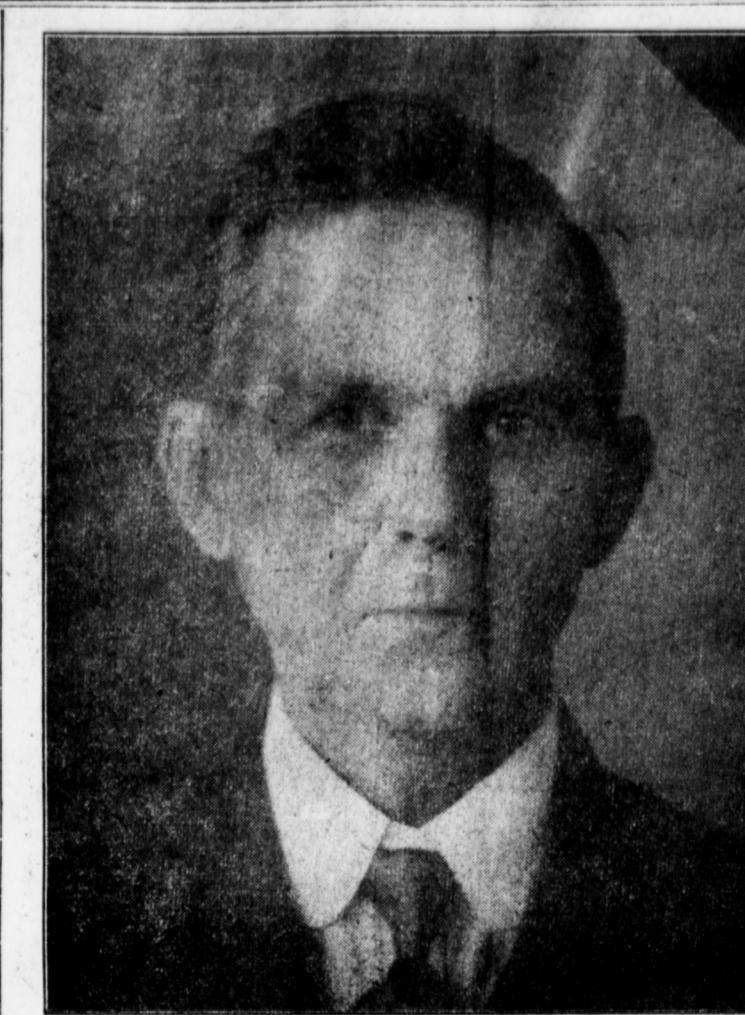

JACK GILBERT HURT

A wire was received Saturday by Ed Gilbert that his son Jack Gilbert had been seriously injured and asking his presence at Louise, Ky., where Jack has been working. On Tuesday Sam Lewis was also wired for.

While at work in the oil fields a stay bolt struck Gilbert on the head and it is believed his skull is fractured by the force of the blow. Telephone reports are to the effect that his condition is serious. Latest reports state that the injured man recovered consciousness for two hours and again lapsed into unconsciousness. The blow is said to have fallen on the base of the brain.

Gilbert has been at Louise since his release on bond and is due to appear before the Circuit Court in April on the charge of killing Levi Lee last Autumn.

Pres. E. T. Franklin, Rev. John O. Gross and A. M. Decker attended a meeting of the Kentucky Council of the Methodist Conference at Lexington last Wednesday.

SAM M. BENNETT

CONGRATULATED

Hon. S. M. Bennett, Lay, Ky.
My dear Mr. Bennett:

It may be of interest to you to know the attitude of the school people of the State toward the legislation enacted by the recent General Assembly. I am enclosing a copy of the resolutions adopted by the County Superintendents recently in conference here at the Capitol. There is genuine and generous approval of the school laws throughout the State. The recent Legislature, in my judgment, did more for the schools of our State, particularly for the rural schools than any Legislature in our history. It is no slight praise to be called blessed by the six hundred and fifty thousand children of our State.

I congratulate you upon your ser-

vice and hope that the next Legislature will prove equally patriotic.

With best personal wishes,
GEORGE COLVIN,
State Superintendent.

To Whom This May Come, Greeting:

I have known the Honorable Samuel M. Bennett, member of the Kentucky Legislature, for many years, and have served with him in an official capacity, and I have always found him to be a man of integrity and uprightness. He is industrious, active and thoroughly dependable. It gives me great pleasure to recommend him to new acquaintances, because I believe he will always prove a friend worth knowing.

I bespeak for him an opportunity to prove himself the good man I believe him to be.

Very respectfully,

F. D. SAMPSON

C. A. WEST CANDIDATE

FOR JAILER

To my many friends who supported me four years ago and others who would have liked to have supported me but owing to conditions of others who were running for the office of Jailer could not.

I see that there are a great many candidates already announced for the office of Jailer. I have neglected making my announcement earlier as I did not deem it necessary for it is generally understood by the voters all over the County that I would be a candidate for the office.

While I have been urged by a great many good and influential men to run for the important office of Sheriff, an office of more compensation and honor than that of Jailer, since I was the second choice of about a dozen candidates for the office of Jailer four years ago, I will again remain a candidate for that office and I think I will make it interesting for the boys this time.

And now I want to ask that every good citizen of Knox County, both man and woman, who believes in a civilized administration, both moral and upright in every respect, will give me his vote and support with his best influence.

And if I am elected as your Jailer of which election I feel sure, I will do my very best to make the people a good officer in every respect. To my opponents I want to say that I will treat them nice in every respect.

While this is a very short statement, I do not deem it necessary to make a longer one in this issue for

I shall try to see every voter between now and the August Republican Primary. I feel that I can canvass the County much more easily and quickly than I did four years ago for I am not so much of a stranger now as at that time to most of the people.

I want to say in conclusion that you will never regret voting for me and all you can do for me will be highly appreciated for I am a friend to all. I now ask for your vote and influence.

I am your friend,

C. A. WEST

There will be the usual services at the Presbyterian Church next Sunday. Sabbath School at 9:45. Morning Sermon at 11 and Evening Sermon at 7 o'clock.

CHARLES BURGARD

FOR COUNTY ATTORNEY

To the Republicans of Knox County: After having been solicited by a great number of the best citizens of the County, I have announced myself as a candidate for the Republican nomination for Attorney of Knox County subject to the action of the Republican Primary to be held in Knox County, Kentucky, on Saturday, the 6th day of August.

I was born on Stinking Creek and have resided in Knox County all my life, and now live on a farm at Bimble, Ky.

I have spent practically all of my life in school. I am thirty years old and a graduate of Cumberland College and of Eastern Kentucky State Normal. Was admitted to the bar to practice law in 1912 and since that time have been engaged in the practice of law in the various courts. I have spent my time and money to qualify myself as a lawyer, and I leave it to the people who know me, and who have gone to school with me to say whether or not I have qualified myself for this position.

I have many hundreds of relatives in this County, and in fact my family is among the oldest settlers of the County, and so far as I can remember there has never been a Democrat in the family. And my people have never asked for any office and have never held public offices in Knox County. I have always been found in the ranks of the Republican Party in every contest. It has had and whether I am elected to this high office or not I will always remain a Republican.

If I am nominated and elected to this important office, I promise the people of Knox County that I will give to them a faithful and efficient administration of the affairs of the office, and I assure them that I will look after the financial interest of the County, as the County Attorney should do, and that I will prosecute to the best of my ability those who should be prosecuted for violations of the criminal laws.

I submit my claim to the Republicans believing that I can give to the people of this County the high character of service which is very much needed in this important office.

Respectfully,

VICTOR A. JORDAN

LAW ENFORCEMENT LEAGUE

The Public Morals and Law Enforcement League met at the Methodist Church last Monday evening at 7:30 o'clock and adopted the constitution and by-laws and elected the officers to serve on the various committees. The next meeting will be held Monday night of next week at the Baptist Church at 7:30. Every member is urged to be present.

SMITH-WOODWARD

Miss Dewey Smith, of Elys, and Mr. C. C. Woodward, of London, were quietly married in Middlesboro on February 23rd by Rev. Owlesley. The bride is the daughter of Mr. and Mrs. Noah Smith and the wedding is quite a surprise to their many friends who wish them happiness.

The bridge score was won by Mrs. J. D. Tugge, the consolation falling to Mrs. J. I. Mitchell. The honorees were also awarded prizes.

Mrs. Watts, of Pineville, also an out-of-town guest, sang very beautifully several numbers.

About forty guests enjoyed this lovely hospitality of Mrs. Kennedy and Mrs. Rathfon.

COL. W. H. McDONALD

W. H. McDONALD WINS SPURS

Hon. W. H. McDonald, editor of the Masonic Home Journal and who formerly guided the destiny of the Mountain Advocate, has become an officer. He was a gentleman before this latter honor was thrust upon him. Gov. Ed P. Morrow has made him a real Kentucky Colonel. It is impossible for the world outside of Knox County to overlook its citizens when honors are being circulated. We congratulate Colonel McDonald on his new dignity, which we know he will support with eclat.

THE NEW CABINET

Secretary of State—Charles E. Hughes, of New York.

Secretary of Treasury—Andrew W. Mellon, of Pennsylvania.

Secretary of War—John W. Weeks, of Massachusetts.

Secretary of the Navy—Edwin Denby, of Michigan.

Secretary of the Interior—Albert B. Fall, of New Mexico.

Secretary of Agriculture—Henry C. Wallace, of Iowa.

Secretary of Commerce—Herbert Hoover, of California.

Attorney General—Harry M. Daugherty, of Ohio.

Postmaster General—Will H. Hays, of Indiana.

Secretary of Labor—James J. Davis, of Pennsylvania.

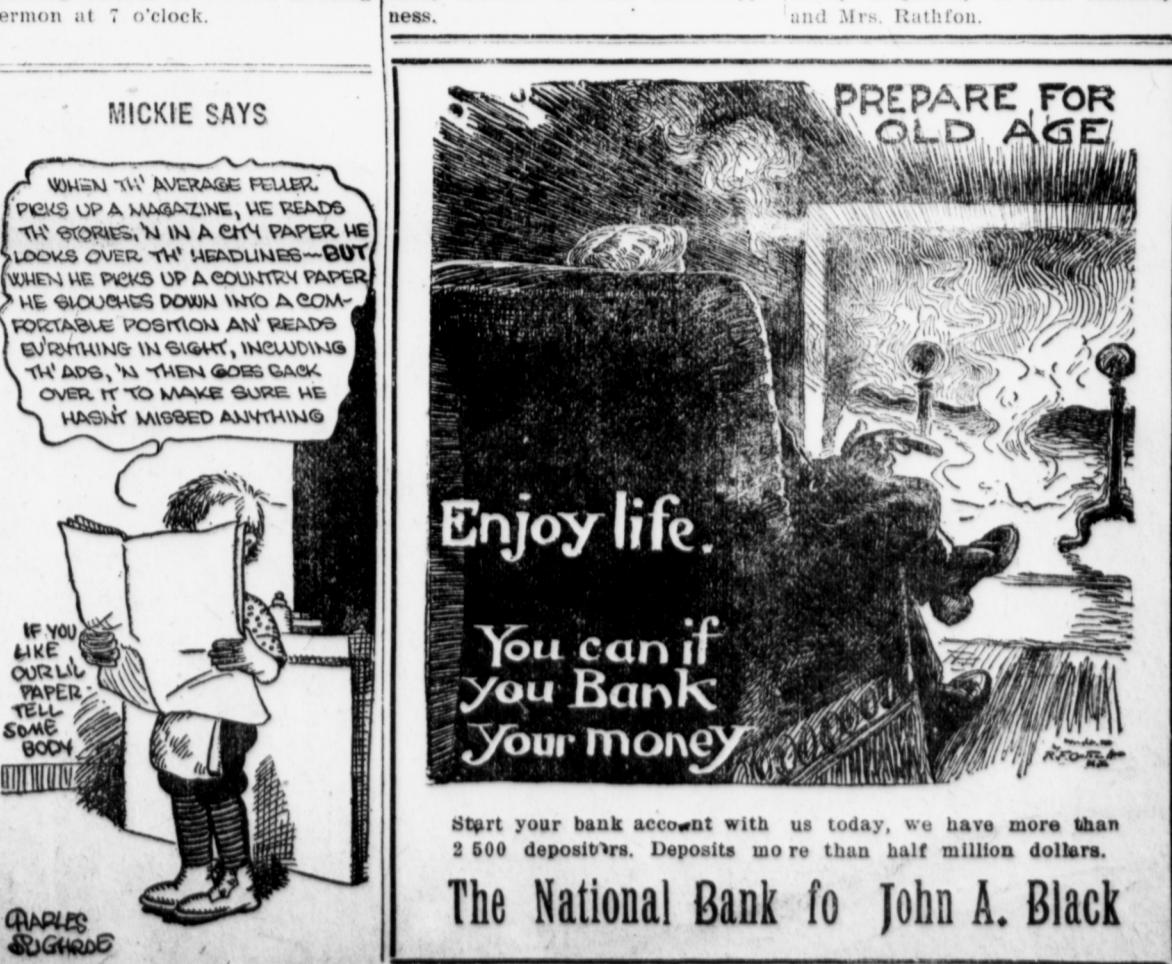

LUNCHEON-BRIDGE

Thursday at one o'clock Mrs. Nell Cobb, of Warren, Ohio, and Mrs. Ethan Vial, of this city, were the inspiration of a beautiful luncheon-bridge, Mrs. C. F. Rathfon and Mrs. C. P. Kennedy being the hostesses at the home of the latter. The living-room was attractively decorated with jonquils and the color scheme yellow and white was carried out in the luncheon, tally cards and other details.

The bridge score was won by Mrs. J. D. Tugge, the consolation falling to Mrs. J. I. Mitchell. The honorees were also awarded prizes.

Mrs. Watts, of Pineville, also an out-of-town guest, sang very beautifully several numbers.

About forty guests enjoyed this lovely hospitality of Mrs. Kennedy and Mrs. Rathfon.

THE SCHOOL SITUATION

So that our people might know
the correct situation in regard to
school finances, the editor called on
Mr. J. F. Hawn, secretary of the Bar-
bourville School Board, and received
from him the following data:

When Mr. Hawn paid the last bill
on Monday last, a balance of \$523
was left in the treasury. There is
still some \$1,000 to collect for tax-
ation. This amount, Mr. Hawn fig-
ures, will carry the school thru April
25th.

The schools are generally closed
down about May the 25th. The
School Board is now going over the
situation to see if the children can-
not in some manner be given the
usual term, as otherwise, the pupils
will be turned loose to spend four
months of idleness—a vacation that
would prove altogether too long.

When our school term can be ex-
tended instead of cut short in the
length of time the pupils are re-
quired to study we shall turn out a
better finished product and save a
great amount of knowledge that is
now lost thru the pupils forgetting
much they learned during the school
term.

MRS. MAY WALLACE LEAVES

Mrs. May Wallace, matron of U.
C. for the past four years, left for
Ages, Ky., Saturday where she will
live with her son who is engaged in
mining. Another son is attending
the University of Kentucky.

All connected with Union College,
as well as her many friends, will
keenly regret the departure of Mrs.
Wallace, who has devoted her fine
talents toward the bodily well being
of the young people and faculty
who have enjoyed the excellent eat-
ing she has prepared for them.

The young people regard Mrs.
Wallace with a deep affection that
is a recompense for the labor of love
she has done at Union these years
and in leaving she will take with her
their loving thanks.

HOW TO WORK THAT CURES AND THE KID

First Step in Treatment is a Brief
Purgative With Calotabs, the
Purified and Purified Calotabs
Tablets that are Nutri-
tive, Safe and Sure.

Doctors have found by experience
that no medicine or cold and influ-
enza can be discontinued upon the
effectiveness until the body becomes
roughly active. That is why the first
step in the treatment is the brief, nutri-
tive Calotabs tablets called Calotabs
which are free from the irritating and
weakening effects of the old Calotabs
medicine. Doctors also point out the fact
that an active liver may go a long way
towards preventing influenza and is one
of the most important factors in en-
abling the patient to successfully with-
stand an attack and ward off pneumonia.

One Calotab on the tongue at bed
time with a swallow of water—that's
all. No salts, no tannins nor the slight-
est interference with your eating, pleasure
or work. Next morning your cold
has vanished, your liver is active, your
system is purified, and you are feeling
fine, with a hearty appetite for break-
fast. Druggists sell Calotabs only in
original sealed packages, price thirty-
five cents. Your money will be cheer-
fully refunded if you do not find them
delightful.—(Adv.)

FOX HUNTERS

PRESERVING FOXES

The Eastern Fox Hunters Associa-
tion, which is composed of a bunch
of fresh air sport lovers, are getting
some excellent runs these days. Two
good runs have recently been made
up Trace Branch. W. R. Marsee,
president of the organization, has
purchased four red foxes, two from
Whitehall, Wisconsin, and two from
Lexington. These have been turned
loose on the Jake Hawn Mountain,
where it is hoped they will increase
and multiply and furnish good sport
later for the members of the Associa-
tion. However, for the present,
it is earnestly urged that they will
not be disturbed and the Association
will pay a reward of \$10.00 for in-
formation leading to the arrest and
conviction of anyone catching them.
In this connection, the Association
offers a similar reward for the persons
who poisoned the fine bird dog
belonging to W. H. Green, which
was staying with his father on Pine
Street.

GOOD WORK.

The County Agent was busy last
week visiting farmers and talking
poultry raising, fruit growing, fer-
tilizer and agricultural limestone.
He reports that the people showed
much interest and that there are
projects of placing thousands of
Rhode Island Red eggs; that many
orchards will be pruned and sprayed
and also that the farmers will order
fertilizer and ground limestone
cooperatively. There are good pro-
pects that the farmers of Barbour-
ville, Emanuel and Artemus will order
three car loads of fertilizer and
three car loads of limestone.

Anyone interested in fertilizer or
ground limestone should see County
Agent Earl Mayhew at once so as to
order their fertilizer and lime-
stone with other farmers and save
money.

Major Sergeant, of Artemus, has
sprayed his orchard under the super-
vision of County Agent Earl Mayhew.

At the Farmers' Meeting March
28th, there will be twelve apple and
twelve peach trees given away as
well as the one hundred grape vines
and one hundred strawberry plants
previously mentioned.

J. M. Feltner and Earl Mayhew
expect to enroll 500 Club members
by the end of this week. They have
visited several localities and have
been very successful.

The best farm in the east end of Lincoln County, Kentucky. Contains
233 acres of land of which 150 acres is in bottom all of which has been
tilled under the supervision of the best tiller in the State of Kentucky
there being thirteen miles of tilling. As fertile as the Valley of the Nile.
The upland containing 80 odd acres all lays exceedingly well and is
rich, productive soil, having topped the Danville, Kentucky, market
for a whole season in the price of tobacco. This is regular tractor farm
and will grow anything you put on it. A money maker and dividend
producer. It has an old fashioned, brick residence of eight rooms,
halls, etc., an extra large tobacco barn, over 100 feet long, stock barn
double corn cribs and all other necessary outbuildings. Fine orchard.
Located in the edge of the thriving town of Crab Orchard, with its
one graded school, bank, stores, the noted Crab Orchard Springs and
the citizenship. Right on the L. & N. Railroad, only about one half
mile from the station, a good shipping point. All of this farm is in
grass except about 40 acres. It is in the highest state of cultivation.
Ready for the knife to make money. Splendidly watered by a well,
never failing springs and the river. On the Boone Highway. This land
will grow anything you put on it. It would make your mouth water
to see the growing crops on this magnificent farm. It is an ideal stock

Feel all used up—as if you could just go no further?

Why not look to your kidneys? Why not use Doan's Kidney Pills? Barbourville people have done so. They tell you the result.

Mrs. J. T. Beddow, N. Main St. Barbourville, says:—"I can recommend Doan's Kidney Pills from experience. My kidneys were weak and I suffered from nervous headaches. I was run down and languid and the least work tired me out. The action of my kidneys was irregular too. I bought Doan's Kidney Pills from the Grant Drug Co. and used them as directed. They helped me in every way, strengthening my kidneys and relieving the dizzy spells and headaches."

Price 60¢ at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Beddow had. Foster-Milburn Co., Mifflin, Buffalo, N. Y. —Adv.

CHRISTIAN CHURCH LADIES AID MEETS

The Ladies Aid of the Christian Church met with Mrs. G. M. Richards, Jr., at her home on Dishman Street, Friday, March 4th, 1921. The scripture reading and verses from the Bible with which the members answered roll call were in keeping with the subject chosen for the day, which was "Father."

Mrs. John M. Tinsley and Mrs. G. H. Albright had prepared very interesting papers which were much enjoyed. An interesting business session followed during which several new names were submitted for membership and other business pertaining to the work of the society was discussed. The ladies of the church will conduct a Food Sale at Cole & Hughes store on Saturday before Easter, at which all kinds of delicious foods will be sold.

During the social hour following the meeting the hostess served delicious refreshments.

The next meeting will be at the home of Mrs. J. M. Tinsley on Friday, March 18th, at 2:30 o'clock.

YOU certainly want to save money, and you would like to have better baken. Then use Calumet. It's the biggest thing you can do to improve the quality of your baken—and lower baking costs. Calumet is made in the largest, most sanitary Baking Powder Factories in the World. No Baking Powder is made under better conditions—none can be better in quality. It contains only such ingredients as have been officially endorsed by the U. S. Pure Food Authorities. An absolute guarantee that it is pure.

It received highest Awards, World's Pure Food Exposition, Chicago — Paris Exposition, Paris, France—positive proof of its superior merit.

It is used by more housewives and domestic scientists than any other brand.

It is sold at a moderate price. All you have to do is to compare costs to determine how much you can save by buying Calumet.

Gluten is the muscle building part of flour which is of great importance. To be sure you get it in your bakenings use plain flour and good baking powder, (not self-rising flour).

PRESIDENTIAL FACTS

Warren G. Harding, who takes office as the twenty-ninth president of the United States, is the first president to be selected to that high office on his birthday. He was 55 years old Nov. 2, 1920. He is the first United States Senator elected to the presidency.

Pres. Harding is the seventh president contributed to the country by the state of Ohio. Only Virginia, with a total of eight presidents born within her boundaries, outranks Ohio in this regard. No president has been born west of Ohio. No president has resided west of Illinois.

President Harding is the seventh president of Scotch-Irish paternal ancestry. Fifteen of our presidents over a period of 133 years, have been of English descent, three of Scotch, one of Welsh and two of Dutch.

The average age of our presidents at inauguration is 54 years, approximately, while the approximate average at death has been 66.

Pres. Harding exemplifies the rapid rise possible in American life better than any of his predecessors. He was not included in the 1914-15 "Who's Who."

Like many of his predecessors also, his parents were not wealthy and he has risen to the highest office in the gift of the American people thru frugality, industry and thrift, of which he is a warm exponent as was evidenced by his recent approval of the Government's Thrift and Savings work, represented in the sales of Thrift, Treasury and War Savings Certificates.

CITY ORDINANCE

The Board of Council of the City of Barbourville, Kentucky, do ordain as follows, viz:

RED BIRD

A LETTER TO FATHER ENGLAND

Louisville, Kentucky.
March 4th, 1921.
Mr. E. T. England,
Barbourville, Ky.

Dear Mr. England:—

We thank you for your letter enclosing a sheet of your wrapping paper showing a picture of yourself, and we also appreciate the notation that you have on this sheet of paper namely, that you "carried a Confederate flag for Robert E. Lee at the Battle of Gettysburg in 1864, that you are seventy-seven years old and that the clock is still ticking."

The fact that you carried a flag for General Lee at Gettysburg is a distinction and honor few possess, and it is just and reasonable that you should feel proud of this great achievement.

When visiting Louisville you are cordially invited to make our offices your headquarters. The writer of this letter would like to have the pleasure of knowing you personally and entertaining you while in the city and you can be assured that we will do our level best to make your visit pleasant.

Many changes have taken place in fifty-seven years but it is the wish of the writer that you will be spared many more years because we believe that we are living in the greatest age in the History of the World. To be an observer of the changes of progress and prosperity, the wonderful strides in business and education that this country has made is not granted to many. Come down to Louisville and let's talk the matter over.

With best wishes always for you and yours, we are.

Yours sincerely,
Frank Cassell, Asst. Sec.
Belknap Hardware & Mfg. Co.

If you don't believe in yourself, you've lost before you've fought. While your grit lasts, you will.

COMMUNITY NURSE BENEFIT

Skovgaard, the Danish Violinist, who will appear here on Wednesday March 30th, at the Christian Church under the auspices of the Women's Study Club, is an extremely large man weighing nearly three hundred pounds and measuring six feet and three inches in height. Physically, he is a worthy descendant of that powerful race of Vikings whose commanding stature caused a feeling of awe even to the sturdy Romans of Caesar's time. Conforming to the proverbial good nature of most large people, Skovgaard is a most likable man and makes friends wherever he goes. But within his powerful frame is secreted a more potent force than any which the exercise of muscle alone could produce, it is the power to interpret the soul of music, and from the first stroke of the bow on the strings of his matchless Stradivarius violin, all sense of form and style gradually give way to a sense of rhythm, melody, music. Standing on the stage this colossal Dane is only music. Each movement of the body while he is playing, is nothing but music, and the expression on his face tells you plainly that he is far away from you deep in the land of tunes. Skovgaard comes to you not as a musical novice. His training under the greatest masters of Europe stamp him as a "consummate musician, the finished, polished, purposeful." Moreover, Skovgaard is an artist whose power has had time to mature and to gain those finer qualities of balance and resource of interpretation which can come in no other way than by the steady development of the musician himself in devotion to his inborn and chosen art. His repertoire is practically unlimited and years of experience on the concert platform has made him an adept in arranging his programs to suit the various requirements to be reckoned with in touring the United States, the most versatile of all countries. Skovgaard carries with him an able pianist and accompanist, and a delightful singer.

EASTER FOOD SALE

The W. M. U. of the Baptist Church will hold their Easter Food Sale Saturday, March 26th, in the "Little Shop," or the millinery establishment of Mrs. J. H. Lawson, Lawson Building.

"This one was smooth and looked well-traveled, while the other was all bumpy."

"Ha, ha!" laughed the witch heartily.

"I don't think you're nice to make fun of us," said the boy. "You wouldn't like to lose your way."

"My dears," said the old witch, "I was going to help you, but now that you're so cross-looking I don't know whether I will or not."

"We'll be very nice," said the girl, making a curtsey.

"Oh, ho!" said the witch. "Well, I'll tell you anyway, but not because you promise to be good. I don't like bribe. Never did and never shall. Have no use for any creature who says they'll do something if they're rewarded. No merit in that."

"How ever," she exclaimed, "you're not perfect, and I wouldn't like you if you were, so I'll tell you one thing. You must go back to the cross-roads and you must also take the other road."

"The bumpy one?" asked the girl, in surprise.

"That's just it," said the witch.

"You'll never get anywhere if you dodge the bumps, never, never, never."

You will be small like the gnome who's too related to Peter—the one who was too fond of a life of ease."

"And you'll find it more fun to take the other road. You will have lots more adventures. This road is called the Road Commonplace. So many people follow along it and never try to find the one that will take them further because they don't dare have adventures. They don't care if they become soft and flabby, so long as they dodge the bumps."

"And if you're in search of the House of Secrets, that is the road you must go. But here, follow me across the field and up yonder mountain. From the top of it we can see all the other hills around, and we can see far, far down the valley."

"This is the highest mountain in these parts and we can see over the hills and the vales and the woods and the lakes and the streams!"

"I will lend you my field-glasses and give you one look at one of the doors of one of the rooms in the House of Secrets."

"Every room has a door which leads straight outside, except the great center rooms. Just one of these outside rooms will you see."

"The witch brought out her field-glasses from an enormous pocket in her red skirt. The boy and the girl looked in the direction in which the witch pointed, over hills and far down a valley, and they saw a large door over which it said:

"The reason for bumps you'll surely see,

When you open this door and turn the key."

"Then the witch grabbed the field-glasses away so they couldn't see any more of the house."

"Then they started off once more, taking the bumpy road, but it was so bad that at one time the girl cried and the boy scolded her and called her a baby. He blamed her for being a poor adventurer and became very cross."

"Altogether they had a very bad time of it on the bumpy road, and they did not realize that often things just had to go wrong and that often they were trying and that that, too, was part of adventuring."

"Later on though, when they were over the bumpy road, they laughed at themselves for getting so excited, and were both sorry and rather ashamed, and vowed they'd be real adventurers in the future."

"For adventuring, right through life, isn't always getting over great big things," Daddy explained, "but making the best of lots and lots of little bits of mean and annoying small things."

THE WRONG WAY.

"The boy and the girl who were off for adventures on their way to the House of Secrets," said Daddy, "met a little old witch with an enormous black hat and bright red dress."

"They had just finished the sandwiches which the boy carried in his knapsack, and some cooling water from a spring."

"What has happened?" asked the witch, laughing.

"We're on the wrong road," said the girl. "We have ended off in a field. There is no more road."

"And we were sure that when we came to the cross-roads only a little while ago that we were on the right road."

"This one was smooth and looked well-traveled, while the other was all bumpy."

"Ha, ha!" laughed the witch heartily.

"I don't think you're nice to make fun of us," said the boy. "You wouldn't like to lose your way."

Pure, Rich Blood Will Keep Your Body Vigorous and Healthy

When impurities creep into your blood the first symptoms are usually a loss of appetite, followed by a gradual lessening of energy, the system becomes weaker day by day, until you feel yourself on the verge of a breakdown.

Nearly everybody needs a few bottles of S. S. S., the great vegetable blood remedy, to cleanse out all impurities about twice a year. It is an excellent idea to take this

precaution to keep the system in a vigorous condition so as to more easily resist disease to which every one is subject.

S. S. S. is without equal as a general tonic and toner.

It improves the appetite and gives new strength and vitality to both old and young.

CARDUI HELPED REGAIN STRENGTH

Alabama Lady Was Sick For Three
Years, Suffering Pain, Nervous
and Depressed—Read Her
Own Story of Recovery.

Paint Rock, Ala.—Mrs. C. M. Stegall, of near here, recently related the following interesting account of her recovery: "I was in a weakened condition. I was sick three years in bed, suffering a great deal of pain, weak, nervous, depressed. I was so bad, I couldn't walk across the floor; just had to lay and my little ones do the work. I was almost dead. I tried every thing I heard of, and a number of doctors. Still I didn't get any relief. I couldn't eat, and slept poorly. I believe if I hadn't heard of and taken Cardui I would have died. I bought six bottles, after a neighbor told me what it did for her."

"I began to eat and sleep, began to gain my strength and am now well and strong. I haven't had any trouble since. I can now testify to the good that Cardui did me. I don't think there is a better tonic made and I believe it saved my life."

For over 40 years, thousands of women have used Cardui successfully in the treatment of many womanly ailments.

If you suffer as these women did, take Cardui. It may help you, too.

The new suits worn by the High School basketball team at the tournament last Friday evening, are very pretty and the Athletic Association is to be congratulated upon having secured them. The more possession of these suits will be a stimulus to organizing a team early in the season. The present team with longer practice would have proved a dandy, which shows that the H. S. has good material.

The Mountain Advocate has installed a new mailing system which comes directly on the paper or paper, according as to how it is to be mailed. It has been a rather expensive item, but there will be no excuse for the non-delivery of the paper, once the name is on the list except that the subscription may have run out. In the latter case we wait for a week or two and then put the name on the list.

We regret to state that Dr. F. R. Burton, who went to Louisville for further examination following his illness, is reported to have a fractured rib and that this condition has limited the collection of considerable funds which has helped push his health out of its normal place. His many friends will hope for his immediate improvement now that the trouble has been definitely located. About three months ago his horse fell and rolled on him and this was probably when the rib was broken.

There are many complaints of non-delivery of the Advocate especially from the country offices. If we are able to assure the subscriber that his name is on our list then there should be no cause for non-receipt of the Advocate, since the name of the subscriber is stamped directly on the paper. Please report all cases where there is failure to receive your paper and we will write the Complaint Department of the Post Office. In some cases where complaint has been made three and four papers have been delivered at once, showing that the paper has been in the post office but has not been delivered.

John W. in Crosson worked like a slave to get the good roads bill passed. He deserves great credit for his persistence. He pointed out that while 25 cents of every dollar spent by the government goes to the maintenance of the army and navy, only 10 cents to the good roads bill. He wishes his friends and customers to know where he is, especially those from the country, who may not be aware of the change of location. The telephone number will probably remain the same.

WHISKEY MAN HURT

While at the L. & N. depot Thursday, leaning against the platform at the freight depot under the influence of liquor, Elisha Howard of Kettle Island, was caught by a freight train and rolled against the platform. He was carrying a quantity of liquor, outside as well as inside, and the bottles were smashed in the mix-up. He was brought to the Logan Infirmary on a stretcher belonging to A. W. Hopper and begged Dr. Logan not to let him die in his sins. He was bruised up pretty badly and is believed to be hurt internally.

PLEASE COME HOME SAYS HUBBY

This is not a case of estrangement by any means for a more devoted couple is not to be found in Kentucky. But Mrs. Garret Hignite, residing in Barbourville Ky., and whose lesser half gets his pay check from "Knoxville's Million Dollar Shoe House," is visiting her mother, Mrs. John B. Gates, on East Fifth avenue, in Park City, which of course is the proper thing for a good daughter to do. And it did seem reasonable for her to feel that a man could get along without his wife for only a Sunday or two at home. Now she knows better as the following will show.

Captain John B. Gates, of the Union Bank and Trust Co., gave the sample case man the import of a letter recently received from Colonel Hignite, which runs on after this fashion as quoted from memory:

"Captain Gates, if you love me a little bit, please don't do anything to keep my wife with you a day longer for I'm having the —— of one old time. I told my wife to go on, in fact I urged her to do so, telling her I could make out fine in her absence. I had been in the kitchen many a time of course and it seemed to me that cooking was about the easiest thing in the world to do, but there is where I fell flat down.

"Last Sunday I got up to get my own breakfast and as well as I remembered, my wife puts the coffee on first. I got out her percolator and after trying all sorts of stunts the thing wouldn't bubble over the top and there I was. Finally I got out of patience and threw it on the floor, jumped on it with both my brogans. Tell her if she wants a percolator she better get one there in Knoxville. I got a tin pan and finally got something that tasted like coffee but it was so full of grounds I could hardly get it down.

"I tried to fry some breakfast bacon, but put too much salt on it and couldn't eat it. Of course any fool can scramble eggs and this is all that saved me. When I tried to clean out the skillet I had used I never could get out the egg stains. I tried my hand on corn batter cakes of which I'm very fond, but when I got them made I threw them out in the back yard and even the chickens passed them up. In despair I thought I would boil a potato for certainly anybody could do that. Then I got busy looking after the thousand

one things which were calling for my attention about the kitchen, and all came at the same time, and by George, when I went to look at my potato, the water had all boiled out and I guess that nice aluminum boiler of my wife's is ruined. The potato is still there, stuck hard and fast to the bottom. In fact you had better tell my wife to bring with her a complete set of kitchen utensils, for she will never get the ones she left cleaned up for future action.

"I can tell you, my dear Captain, that the women don't get half that is coming to them in this world. The man who has a good wife like mine (but few if any are in her class) couldn't do enough for his wife if she didn't do anything more for him than cooking, and then when it came to the thousand and one other things she is always doing for the man, why, he never pays even the interest on what is due her much less the principal.

"I will not attempt another meal but will get my eats at the hotel. But that isn't all, for that usually happy home of mine which looks so nice on the road and where I expect to spend my delightful Sunday, is to me now the most desolate spot on earth. Now, Captain, I do not want to be a hog, but if you can manage any way to get my wife back home by next Sunday, you can command me for any service as long as I live." —Knoxville Sentinel.

Marine Glue.

Marine glue is prepared by dissolving one part of India rubber in crude benzine and mixing with two parts of shellac, by the aid of heat. The waterproof character of this cement in connection with its elastic flexibility makes it a useful substance in many applications to house construction and to furniture. This glue is applied with ease when warm, and cools with promptness. It was originally intended to be used chiefly on board ship and is well known in Europe.

B. B. I. NOTES

We have just recovered from an epidemic of measles but no one has been seriously sick.

The debating society which has not been active for some time on account of the revival and epidemic of measles, met Monday evening and elected new officers and will now be in session each Monday night. Every body invited.

Our boys are practicing baseball daily so as to get at their best and they hope to play some good games the coming season.

The girls who do not get much exercise with the baseball and basketball teams are prepared to keep two tennis courts in use the remaining part of the year.

With the promise of some new buildings we hope to increase the attendance one hundred per cent.

B. B. I. has a large graduating class this year but according to the number of first year students, the classes will be much larger the coming years.
